U. S. PLANES START FOR EUROPE TODAY

AMERICAN AIRPLANES ARE SCHEDULED TO BEGIN LONG FLIGHT SOON AFTER DAWN

(BY A. P. NIGHT WIRE.)

TREPASSEY (N. F.) May 5.—The navy today began laying its chain of destroyers for the long flight. Six destroyers which arrived yesterday for supplies left today for the coast to the Azores. The destroyer Roper, the seventh craft, will leave at daybreak tomorrow.

NEW YORK, May 5.—A score of naval aviators—young, expert in flying, navigation and motor mechanics—were ready for a start soon after daybreak tomorrow in their attempt to make the first long flight of the new hydro-airplanes of the American navy across the Atlantic.

For favorable weather officially predicted, both in the vicinity of the home station at Rockaway Point, L. I., and along the New England coast, the journey's first "leg," the flight is expected to launch at least two and possibly all of the three scheduled to make the cruise.

The NC-1, whose starboard wings were destroyed early today in a crash, and the NC-2, which was nearly fit for flight again after being repaired, will leave at daybreak tomorrow. The NC-4 had been completely wrecked by a crash today.

There was a possibility that the NC-1 might be delayed in her "jump" to the Azores, or even a day or more, if necessary unexpected adjustments of the new wings developed at the last moment, but the NC-2 and NC-4 were scheduled to take the air some time between dawn and 7 a. m. The NC-1 was delayed, Commander John H. Towers, chief of the flight, said, then it would follow the other two craft to Trepassy in ample time for the "big jump" to the Azores, scheduled for the middle of May.

Commander Towers declared that the civilian mechanics had done "wonderful work" in preparing the NC-1 for the flight. He said that the aircraft was in perfect condition, and that the crew was well equipped for the journey. He also said that the flight was being made in the interest of the navy, and that it was a very important one.

CHIHUAHUA MENACED.

Bustillo's Capture Perils Capital.

Reports of Rebel Activities in Northern Mexico Alarms Washington.

Torreon Believed Bandit's Next Point of Attack; Americans Flee.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 5.—The situation in Northern Mexico is again reflected as serious, in advices received today from Mexico City and the border. The State Department has been advised that 2000 employees of an American mining company at Santa Eulalia have reached Chihuahua city because of threats by Villistas.

Advices late today said that a portion of the Villa army had taken Bustillo, on the Northwestern Railroad about fifty miles west of Chihuahua. These advices, it was said, would indicate the Villa forces had divided, as recent dispatches have said a large Villa army still was in the vicinity of Parral. Capture of Bustillo is regarded as seriously menacing Chihuahua.

In the capture of Parral the entire Carranza garrison, it was said, was destroyed. The Villa army was said to be moving toward El Paso, as they fear the garrison may join the Villistas.

TORREON NEXT?—Torreon is said to be Villa's next objective. Reports from the border say the Conchos bridge at Orizaba, Chihuahua city, had been destroyed by the rebels, thus closing the road for reinforcements moving northward.

Gen. Manuel M. Diez has been ordered from the Tampico oil fields to Chihuahua, where he is to take command of the Villa army. He is reported as moving toward Chihuahua, constantly harassed by Villistas. Diez's departure from the fields at Tampico was said to leave the situation there entirely at the disposal of a rebel leader.

It is reported that Villistas captured Jimenez three weeks ago, and the town is now in their hands. It is admitted that the situation here is very serious, and that the Villa army is moving toward the city. The Villa army is said to be moving toward the city, and that the situation is very serious.

GERMANS TO BE HANDED U PEACE PACT TOMORROW.

Memorable Event to be Preceded by a Plenary Session of Conference; Austria Comes Next.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, May 5.—A German wireless dispatch received here this evening says: "If the delay continues at Versailles it is contemplated that Berlin will recall the German delegates, in which case they would only be sent to Versailles again when the Allied governments are ready to negotiate."

BERLIN, May 5.—A semi-official announcement today says the peace negotiations will be in no way affected by the departure of the German ministers, Landsberg and Giesberg, from Versailles. [No announcement has been received that Herr Landsberg and Herr Giesberg have left Versailles, or that it was their intention to depart.]

LONDON, May 5.—A Copenhagen dispatch to the Central News quotes a Berlin newspaper as saying that the German peace delegation yesterday sent an ultimatum to the Entente Allies, demanding a reply by 5 o'clock Monday afternoon, in which it was declared the Germans would be obliged to return to Berlin in the event of a further postponement in the submission of the peace terms.

PARIS, May 5.—The time for handing over the peace treaty to the Germans was set today for 11:15 o'clock Wednesday afternoon. A secret plenary session of the Peace Conference has been called to meet at 5 o'clock tomorrow afternoon at the French Foreign Office. The session will be held for the presentation of the peace treaty to the smaller powers.

The Austrian delegates who will come to Paris to negotiate the treaty between their country and the Allies met at Vienna Saturday. The contents of the first five chapters of the treaty to be handed Germany have already been outlined, dealing with the preamble, German frontiers, territory changes, German colonies and the military, naval and air clauses of the peace. The sixth chapter will define the status of prisoners of war and the seventh will concern the responsibility of the former Kaiser and other Germans for the war. The eighth and ninth chapters will be devoted to phases of the reparations problem and financial clauses. The tenth will deal with economic clauses; the eleventh with ports, railroads and water communications; the twelfth will concern international labor legislation; the thirteenth will embrace guarantees, and the fourteenth will contain general clauses dealing with ratification.

Marcel Huin of the Echo de Paris writes that France will get absolute control of the mines in the Saar Valley and a guarantee for their exploitation. He says that the president of the administrative council will be a Frenchman and will probably have executive powers.

"I have done my best. I think it is a good peace," said the editor of the Pictorial last night by Premier Clemenceau. The editor adds that from the details he has been able to learn he is convinced.

BRITISH DIRIGIBLE IS COMING TO AMERICA.

HUGE AIRSHIP EXPECTED TO LAND NEAR ATLANTIC CITY THIS MONTH.

(EXCLUSIVE DISPATCH.)

WASHINGTON, May 5.—Great Britain expects to send one of her great dirigibles to this country this month and may make the trip any day now. She has asked permission for the vessel to land in the United States and has been granted the privilege to land anywhere. Landing probably will be made in the vicinity of Atlantic City. In exchange Great Britain consented to train sixty or more American officers in the fundamentals and finer details of dirigible construction, operation and maintenance.

An air ministry and has made enormous appropriations for the development of both the dirigible and the airplane in commercial and military uses. The first express dirigible to land anywhere, samples to India and Egypt. Orders are to be confirmed and placed by wire and cable after examination of samples and the shipment made days and weeks ahead of ordinary methods.

Some idea of the wonderful superiority of air service of this character may be gained from the schedule to be used for India. Samples can be sent by airplane from London, order confirmed and shipment started in three days. Under the old plan it would take as many weeks to get the shipment under way. British houses expect the air service to hold all the old markets and get many new ones for the empire. Some of the new markets were the ones dominated so long by Germany.

American merchants and exporters are watching the British plans with great interest and if they succeed will apply them to Mexico and Central and South America.

RAID DRUG PLACES. TAKE TWO PRISONERS.

Opium and morphine valued at \$400 were confiscated early today when W. B. Lusenbach, inspector for the State Board of Pharmacy, raided two places and arrested men who gave the names of Frank Wong and Byron Duber.

The first raid was at 943 Birch street. Wong, according to the police, was coming up the alley and was arrested just as he was about to enter his room with a package of opium. More of the contraband was found in his room. Lusenbach claimed.

The other raid was at 629 West Eighth street, where Lusenbach arrested two men and confiscated morphine worth more than \$100. Duber, the police say, is a member of an alleged ring of drug dealers. The man denied this. Both prisoners are held on the charge of violating the State Police Act.

PROBATE ESTATE OF MRS. POTTER PALMER.

(BY A. P. NIGHT WIRE.)

CHICAGO, May 5.—The personal fortune of the late Mrs. Potter Palmer, for many years a social leader in Chicago and active in various national women's organizations, was placed at \$925,000 in the inventory of her estate filed for probate today. Of this, \$216,000 is personal property and \$709,000 Chicago real estate.

The estate of Mrs. Palmer, estimated at \$1,500,000 to \$2,000,000, is not involved, as she was left in trust, controlled by Mrs. Palmer.

Charge Irish Crowd.

LONDON, May 5.—British troops broke up a forbidden meeting at Athlone, Ireland, last night by charging upon the crowd with bayonets. A number of persons were wounded. Armored cars have taken possession of the place. Laurence Ginnell, member of Parliament for Westmeath, attempted to address the meeting.

Paulist Head is Dead.

NEW YORK, May 5.—Father John J. Hughes, head of the Paulist Order in this country, died in a hospital here early this morning.

Father Hughes suffered a nervous breakdown from overwork five weeks ago. He was 82 years old. He was for eight years superior general of the Paulist Order.

WILSON WANTS PRESS REPRESENTED.

(BY CABLE AND ASSOCIATED PRESS.)

VERSAILLES, May 5.—President Wilson and Premiers Clemenceau and Lloyd George visited the Trianon this afternoon to inspect the arrangements for the ceremony of handing over the peace treaty to the Germans. They expressed themselves as satisfied.

The visit of President Wilson to Versailles this afternoon was inspired, it is understood, by his desire to admit the newspaper correspondents to the ceremony. This desire had met with opposition, one of the grounds being lack of room. The council of three, therefore, decided to look over the situation.

Premier Clemenceau will preside over the ceremonies Wednesday, and it is expected members of the press will be admitted. There will be fifty-eight delegates from the Allied countries and six Germans present.

JAPS BEAM AT SHANTUNG TRIUMPH.

(BY SPEARMAN LEWIS.)

(BY CABLE—EXCLUSIVE DISPATCH.)

PARIS, May 4 (Delayed).—Dr. Soyda, editor of Hoch at Tokio, gave a luncheon Saturday at the \$5,000,000 Allied Press Club to Admiral Sato, member of the Japanese peace delegation, and to the newspaper men of the world now in Paris.

Admiral Sato commanded the Japanese naval forces in the Mediterranean and today received his first public recognition for services that were counted as extraordinary and heretofore have been hidden beneath the necessary cloak of military exigency.

Perhaps of more interest than recounting the knots per hour were the carefully weighed remarks in personal conversation with M. Sato, who sat on my left.

M. Sato wished to know what the United States would think of "the adjustment" of the Japanese claims in the Orient. And I may say if bearing faces and popping corkers are criteria, then the Japanese here today have no reservations in indicating their pleasure at next to freedom of the seas—what is regarded as the most signal diplomatic victory of the Peace Conference.

I told him frankly there were many Americans in Paris who anticipated there would be two groups in the United States who would be approved and those who did not. M. Sato having asked a question, I asked him to answer one, and inquired: "What will China think of it?"

"The peace delegation member replied that he believed China would look with approval upon it."

"Then, perhaps, Shantung may pave the way for the next great alliance," I ventured. "Japan, China, Russia and Germany, from the Rhine to the rising sun?"

"There is much good in that," M. Sato replied. "If we are driven to it."

M. Sato drained his glass and then added glowily. "But we will never leave England."

And the great gold room was filled with smiling Japanese.

PRESIDENT'S DIPLOMACY INTRICATE.

(EXCLUSIVE DISPATCH.)

WASHINGTON, May 5.—President Wilson's diplomacy at the Paris Peace Conference has become the main theme of discussion in the capital as the result of the Italian and the Chinese incidents, and is destined to be more thoroughly aired as soon as Congress assembles.

On the one hand administration Senators contend that the President's chief aim is the establishment of a League of Nations on a firm foundation that it can deal effectively with any injustices arising from territorial dispositions of the Peace Conference. Only time will reveal the errors of the peace-makers. It is argued, and only a League of Nations can correct them.

To attain this supreme point, it is asserted, the President is playing an intricate game of diplomacy, acting aggressively in one instance and yielding in another with apparent inconsistency, but always in the interest of his main purpose.

In the Japanese affair the President found himself deserted by Lloyd George and Clemenceau, who dictated the surrender to Japan, and Mr. Wilson did not denounce the secret treaty of 1917 between Japan and England and France.

CANADIANS IN SIBERIA BACK.

(BY A. P. NIGHT WIRE.)

VICTORIA, B. C., May 5.—The

Canadian-Pacific liner Montevideo

arrived here today from Vladivostok

with fifty-five officers and 266 men

of the Canadian expedition which has

been serving in Siberia. The Cana-

dians remaining in Siberia will be

brought home soon on the Empress

SHIPYARD EMPLOYEES

WORK ON AGREEMENT.

(BY A. P. NIGHT WIRE.)

OAKLAND, May 5.—Agreements

on wages and working hours affecting

metal workers of the entire Pacific

Coast came up for consideration at

sessions of the Pacific Coast Metal

Trades district council and district

council of boilermakers, commencing

here today. Formalities of exami-

nation of credentials and delivery

of greetings was finished today.

Union labor men in attendance at

the Metal Trades Council said it was

expected an agreement would be for-

mulated by the shipyard workers at

the conference for presentation to

the employers. The district agree-

ment between the workers and employ-

ers now exists, it was said.

The vote of individual unions will

be canvassed on a proposal of em-

ployers to extend wages granted un-

der the May award to October 1.

An amendment to provide for a

forty-four-hour week. This proposal

includes an extension of an addi-

tional day of work, and a reduction

of the number of representatives of

the unions and five of the employ-

ers.

Morrell, one of the California

delegates to the Metal Trades Coun-

cil, has announced he intends to

propose a country-wide agreement

on shipyard wages if no Coast agree-

ment is reached. This, Morrell said,

would be a step toward a general

agreement on wages in any one local-

ity as a punishment for strikes.

There will be an effort made to

bring before the conventions a pro-

posal for a general strike of five

days, commencing July 4, as a pro-

test by workers against the imple-

ment of Thomas J. Mooney and

Warren K. Billings, convicted of

murder in connection with the San

Francisco Preparedness Day bomb

explosion.

NO DECORATIONS FOR

NEAREST RELATIVES.

(EXCLUSIVE DISPATCH.)

WASHINGTON, May 5.—Inquiries

in reference to awarding decorations,

medals, badges or other commemora-

tive decorations to the nearest of kin

of drafted soldiers are now being

answered by the War Department in

substance as follows:

"Under the present law the War

Department has no authority to issue

medals or badges to civilians unless

such civilians are discharged soldiers,

except that Medals of Honor, Dis-

tinguished Service crosses and Dis-

tinguished Service medals may be

awarded posthumously. Inquiries

are to be told that it is the intention

of the War Department to ask au-

thority of Congress for an agree-

ment to award the Victory Medal to

the nearest of kin of each soldier

who lost his life in the present war,

and if authority is obtained infor-

mation to this effect will be commu-

nicated to those concerned. The War

Department desires to express its

sympathy in their great loss to the

relatives and friends of heroes who

made the sacrifice of life, and the

department will be proud to render

every possible recognition to fami-

lies of those who, more than any

other, made possible final victory in

Suits Have no Standing, is Government Claim.

(BY A. P. HUGHES WIRE.)
WASHINGTON, May 5.—Authority of the Director-General of Railroads and the Postmaster-General to increase intrastate railroad, telephone and telegraph rates through the country was argued today in the Supreme Court in connection with appeals from proceedings originating in several States. Hearing in the railroad case was finished; arguments in the wire cases will be concluded tomorrow.

The appeal in the railroad case came from North Dakota; the telegraph and telephone rate cases arose from proceedings in South Dakota, Kansas, Massachusetts and Illinois. Briefs as amici curiae were filed in the two cases on behalf of the National Association of Railroad and Public Utility Commissioners,

representing about thirty-five States, and separately by the States of Pennsylvania, Ohio and Wisconsin, the city of Detroit and the Protective Telephone Association of Baltimore.

The proceedings attracted wide attention and attorneys-general from many States were in the courtroom.

STATES CLAIM RIGHTS.
Arguments for the Railroad Administration were made in the railroad case by John Barton Payne and Charles Donnelly, while Frank E. Packard of Birmingham, N. D., and W. V. Tanner of Olympia, Wash., former Attorney-General of Washington, appeared for the North Dakota authorities.

In the telephone cases arguments were opened by Solicitor-General King, who was followed by W. H. Hitchcock of Boston, assistant Attorney-General of Massachusetts.

Arguments in both cases today centered principally upon the contention of the States that the government's action in fixing intrastate rates was an interference with the State police powers.

ACTS FOR GOVERNMENT.
The Solicitor-General argued that in increasing telephone and telegraph rates, the Postmaster-General was acting on behalf of the public, as the corporations which own the wires through government control had ceased to operate them, and acted solely as the government's agents. He accused the States of bringing the proceedings with at-

tempting to interfere with government operation of these facilities, and asked for dismissal of the wire cases on the ground that they were suits brought against the government without its consent.

Mr. Hitchcock argued the police powers provided for the in the wire resolution applied to the States in a broad sense, as Congress intended to include the right of the States to regulate intrastate rates. He accused the Postmaster-General of exceeding his powers in interfering with telephone rates and with invading unlawfully State powers.

The Massachusetts attorney denied the States were attempting to interfere with government operation of telephones.

Solicitor-General King urged dismissal of the proceedings on the ground that they were suits brought by the States against the government without its consent. He noted, however, that the appeal from Illinois resulted from a suit brought by the Postmaster-General to restrain the Illinois authorities from interfering with his orders.

"Do you think that Mr. Burleson had a right to bring that suit?" asked Justice McKenna.

"Yes," replied the Solicitor-General. "It is a suit against the State authorities to protect the service and his employees."

"They are not his employees, but those of the United States," hastily interjected Justice McKenna.

"Yes, but it's for the protection of the employees and to prevent the State authorities from interfering," the Solicitor-General said. "It's rather not go into the matter as to his right to bring the suit at this time."

The Supreme Court announced to-

day that with the close of arguments in the telephone and railroad cases it would recess until May 19. The court announced that no petitions asking it to review cases or other motions would be received after June 2.

DENVER TAKES ACTION.

(BY A. P. HUGHES WIRE.)
DENVER, May 5.—Suits were filed in the District Court here today by the City of Denver, asking an injunction to prevent the Mountain States Telephone and Telegraph Company from putting into effect the new schedule of rates announced May 1.

The petition declares the proposal to provide for a refund to subscribers in case the increased rates are decided illegal, would work great hardship and cause numerous lawsuits. It also asks that temporary injunction be granted immediately and opportunity given for argument on a permanent injunction.

The city contends that the increased rates are in violation of the city's warrants for telephone service. The City Attorney states the city's warrants for telephone service already have been drawn for the present year, and that the City Auditor could not legally authorize payment for telephone service under the new schedule.

GRANTS RESTRAINING ORDER.
(BY A. P. HUGHES WIRE.)
PHOENIX (APR.) May 5.—Judge Lyman in the Superior Court of Maricopa County today granted the State of Arizona an order restraining the Mountain States Telephone and Telegraph Company from putting into effect a recently announced increased schedule of telephone rates.

for this State, and ordered the defendant company to show cause why an injunction should not be granted. The State contended that the company's failure to obtain permission to raise its rates from the State Corporation Commission was a direct violation of the statutes.

DESPOUND MOTHER TAKES CHILD'S LIFE.

ILLNESS SAID TO BE CAUSE OF RASH ACT OF VENICE WOMAN.

(LOCAL CORRESPONDENT.)
VENICE, May 5.—Seized by a fit of melancholia late this morning, Mrs. Josephine Lopez, 24, murdered her 6-year-old son, Alexander Lopez, home at 442 Indiana avenue. Mrs. Lopez had lately recovered from a pleurisy of influenza, and it is believed that this morning's tragedy was the result of temporary mental aberration.

John F. Lopez, husband of the dead woman, says that when he arose this morning his wife said that she did not feel well, and would not get up. Lopez prepared breakfast, and as his wife refused to eat, he went out to call in a neighbor to care for her.

When he returned a few minutes later he found wife and child dead on the bed, their throats slashed. The bodies were removed to the Kirkland & Co. undertaking establishment to await funeral arrangements.

GIRL IS CALM BEFORE JURY IN MURDER TRIAL

PRETTY RUTH GARRISON CHARGED WITH SLAYING OF WIFE OF MAN SHE LOVED.

(EXCLUSIVE DISPATCH.)
SEATTLE, May 5.—Without a tremor or the blinking of an eyelash, pretty 18-year-old Ruth Garrison sat in Judge John S. Jure's branch of the Superior Court Monday afternoon and listened to Deputy Prosecuting Attorney Carmody recite the State's version of the death scene in the Bon Marche restaurant, where Mrs. Grace Storrs met death after eating a fruit cocktail. No trace of emotion disturbed the face of the accused girl as she listened to the dramatic tale that centered around the death of a friend of her father, the State claims.

Ruth listened without apparent emotion to Deputy Carmody tell the jury that the State would show that after her victim had taken her last agonized breath she sneered at the dead girl's mother and lightly said: "I thank you," when the sister of the poisoned woman upbraided her, and that she had watched the dying convulsions of her victim she calmly again last night in Redondo Beach in company with Mrs. Carnley, who was to have been the complaining witness in the case against him.

McElroy and the woman, who is 14 years old, were registered in a beach hotel under the name of C. W. Broadway and wife. Both had been missing several days, according to the police.

McElroy attempted to escape, and later, while on the way to Los Angeles, attempted to jump out of the car. In McElroy's pockets the arresting officers found a black jack. He fought the officers and had to be subdued before being loaded up.

McElroy was held on the contributing charge, and the young woman was held as a material witness. McElroy is married and has an invalid wife in Long Beach, the police say.

The daughter of Mrs. Louise R. Jones of 103 South Figueroa street, mother of Vera and Roy Jones, 13 and 14 years old, the two children said by the police to have been kidnapped by McElroy and kept in the Van Nuys Hotel overnight at the time of the man's first arrest, eight days ago.

CAUGHT BY CURIOSITY.
Nab Alleged Auto Stealer When He Asks About "Accident."

Raymond Ramsey might be at liberty had he not had a curiosity yesterday regarding what he thought was an auto accident. Instead, the commission was caused by the arrest of his brother, Timothy E. Ramsey, by Deputy Sheriff Strohm, Wright and Strong on a charge of stealing an auto at Oakland. Ramsey confessed later, it is said, that they took the car for a ride to Los Angeles. They are in the County Jail.

The officers also arrested Andrew Peters and D. D. Morris, accused of stealing an automobile at Salt Lake City. These young men walked extradition and will be taken to Salt Lake City today.

TOO MUCH TALK.
Court Tells Divorce Defendant to Stop or Go to Jail.

James Robertson, appearing before Judge Taft in alimony proceedings yesterday in the divorce suit brought by Sarah F. Robertson, was loquacious. In short, he talked so much that the court, after admonishing him three times, said he would send him to jail if he did not stop.

After the court continued the matter until Monday to allow the parties to bring in a report of what each thinks is owing in the suit, Judge Taft said to Mr. Robertson: "Now you can go out into the hall and talk all you want to."

TWO COMPANIES OF GUARD OUR SHARE.
FORMATION OF NEW STATE BODY OF TROOPS DISCUSSED BY OFFICER.

When the California National Guard regiment is formed it is probable that Los Angeles will supply two companies. In the opinion of Maj. J. Alexander of the Adjutant-General's office, who is here in the interest of the National Guard, this city should be able to support that number.

The major is here on a tour of the State, and has been looking over the four separate companies here, the second, third, fourth and fifth regiments, and it is believed two good companies can be made from these organizations. The minimum strength of a company is 100 men, and at sixty-five men. This would make this city recruit 130 men to insure two companies.

It is reported there is an unprecedented balance in the War Department, which the government is set aside for the use of the National Guard regiments, and if a regiment is recruited here before July 1 this State will get a portion of the money.

The probable arrangements to form the regiment will be two companies from San Francisco, two from Los Angeles, one from Sacramento and one from Orange county. The remaining six companies will be recruited from the remainder of the State.

Maj. Alexander tonight will meet with the officers of the four separate companies at the army at Exposition Park and discuss the organization of the regiment. He will leave tomorrow for San Francisco on a similar mission.

The Danger to the Loan

Lies in the thousand-dollar subscriber who should and can take from \$10,000 to \$50,000

Few seem to understand how easy and perfectly safe it is for a man of moderate wealth to buy \$50,000 of the Victory Loan.

The best investment opinion obtainable agree that the Victory notes will sell in the open market between 99 and 101.

They may go as low as 99 in the very near future; they are almost certain to sell as high as 101 or more very soon thereafter.

This means that the \$50,000 subscriber has only a chance to lose \$500 if he were persuaded to sell his bonds very soon after the close of the Loan.

He has a still better chance to make a profit of at least \$500 on his investment if he holds them a few months longer.

The payment of the subscription will be called for by the Government in easy installments, ending next November.

The subscriber's bank will be glad to loan him at least \$45,000 on a \$50,000 subscription.

It will do this simply as a service to the Government and without regarding it as a favor to the subscriber or as being the use of any part of his credit line.

It will do so at 4 3/4% interest for the first three months, and as he receives the same interest on the bonds themselves, it costs him nothing to borrow the money for that time and almost nothing thereafter.

A \$50,000 subscription is therefore only a hazard of \$500 one way or the other with the probabilities greatly in favor of a profit.

It seems a small risk to assume as the price of peace and security and personal self-respect which we owe and must pay; through bonds if we will or through heavier taxation if we must.

Federal Supreme Court Refuses to Review Proceedings in Case.

The conviction in the United States District Court here of Enrique Flores Magon, an charges resulting from his publication in their newspaper, the Regeneracion, of this city, of articles in connection with the revolutionary movement in Mexico, was sustained yesterday by the United States Supreme Court at Washington.

The Supreme Court refused to review the proceedings in the trials held here.

"KIDNAPER" McELROY IS ARRESTED AGAIN.

GIRL "VICTIM" WITH HIM AT HOTEL; BOTH TRY TO MAKE ESCAPE.

Albert E. McElroy, former Los Angeles policeman, arrested a week ago on charges involving the alleged kidnapping of an entire family of four, and later charged with contributing to the delinquency of Mrs. Josephine Carnley, was arrested again last night in Redondo Beach in company with Mrs. Carnley, who was to have been the complaining witness in the case against him.

McElroy and the woman, who is 14 years old, were registered in a beach hotel under the name of C. W. Broadway and wife. Both had been missing several days, according to the police.

BANDITS STUN, ROB TRAVELER.

Dirk-Armed Gang Operating
at Railroad Depot.

Threaten Victim with Death
if He Makes Outcry.

Place Tucson Man on Train
After Beating Him.

Robbed of everything of value but his railway ticket, stunned by blows on the head and then, while still in a dazed condition, placed on a train and sent to his home at 216 South Sixth avenue, Tucson, Ariz., George T. Marsteller, an accountant, yesterday reported to the police the activities of a gang of bandits operating near the Southern Pacific depot.

Armed with dirks, the three bandits lured Mr. Marsteller from the depot, Friday and took him to a vacant garage a few blocks from the station. They stunned him with blows on the head with the handles of their dirks and took his money and jewelry.

According to Mr. Marsteller, the three highwaymen secured his purse containing \$10 in cash, a diamond ring valued at \$200 and a watch, attempting to tear a couple of diamond studs from his shirt front when glancing at his watch one of the bandits, who seemed to be the leader, declared that the Arizona train was about to leave and ordered the other two to take their victim to the station.

With a bandit on each side Mr. Marsteller was half-dragged to the railroad station and given his ticket which had been taken with his purse.

Marsteller says he was unable to shout for help during the hold-up, and when conducted to the station by the bandits was informed that if he called for assistance he would be stabbed to death.

The three bandits were well dressed and two of them very young. The third bandit, alleged to be the leader, is of middle age. All spoke good English and are believed to be Americans.

HIT VENDORS IN FIGHTERS' GUISE.

Government may Act Against
Those Who Prostitute the
Uniform.

Profiteering on patriotism is a vicious aftermath of the war. Eastern dispatches recount that the government is taking steps to proceed against itinerant vendors who are infesting municipalities and countryside, hawking about some trivial wares while clad in garments made up to simulate the uniforms of sailors and soldiers. The appeal which they make does not with the intrinsic value of their wares, but is a cheap attempt to capitalize the patriotic sentiment and cordial sympathy that a soldier's or sailor's uniform properly awakens.

Some of these vendors even ask subscriptions to some alleged fund for the aid of soldiers and sailors. The imitation uniforms are so made up that only an expert can detect the difference between them and the real army khaki. Makers of cheap goods have hit upon this plan to increase sales. They supply the make-ups and are thus able to sell their goods at many times the real value.

The Los Angeles Examiner is one that has worked the game of sending out solicitors in uniforms and it is not impossible that the government will take some action against its publishers to break up the pernicious practice.

HEAR GAMBLING TALK OVER TAPPED WIRE.

DISTRICT ATTORNEY'S INVESTIGATOR TELLS OF CONVERSATION; CASE CONTINUED.

Details of the tapping of telephone wires by District Attorney's investigators to get information against Ed Bastian and others recently arrested in a series of raids, were told yesterday in the court of Justice Miller of Glendale, sitting for Justice Palmer. Bastian, Ezekiel Garret, A. M. Wilkinson and Byron McNutt were having a hearing on a charge of conducting a gambling establishment. The cases were continued to an indefinite date.

Policeman McCarron of Boyle Heights Station said that he and others sat in a barn near the place in Belvedere, where the handbook-makers' headquarters were said to be and heard conversations relating to horse races.

The charges of perjury against Joseph Solari in connection with the handbook cases was dismissed by Justice Miller for lack of evidence.

FORMER ATTORNEY IS DEAD IN HOLLYWOOD.

WILLIAM HERNDON HAD BEEN
RESIDENT NINETEEN YEARS;
FUNERAL TOMORROW.

William Herndon, 71 years old, formerly an attorney in this city, died yesterday at his home, 1718 Whitley avenue, Hollywood, after an illness of five weeks. He had suffered a slight paralytic stroke some time ago, and since then had been confined to his bed. He passed away while asleep.

Funeral services will be held at the home at 2:30 o'clock tomorrow afternoon. Rev. Dr. W. F. Richardson, pastor of the Christian Church at Hollywood, will officiate. Interment will be in Hollywood Cemetery.

Mr. Herndon was born in Dewitt county, Kentucky, April 9, 1848. He was educated in the schools of the county, later going to Bloomington, where he entered Wesleyan University.

In 1874 he started the study of law at Springfield in an office formerly occupied by Abraham Lincoln. He was a nephew of William H. Herndon, President Lincoln's law partner, and the author of a life of the martyred President.

In 1871 he married Mary H. Bryant and they moved to Los Angeles in 1890. Until last June Mr. Herndon practiced law in this city, with offices in the Frost Building. He leaves a widow, a daughter, Pearl, who resides in this city, and one brother and three sisters, all of whom are living at Springfield, Ill.

At the funeral services tomorrow the pallbearers will be F. W. Wellman, R. C. Roseberry, James Norwell, Frank Beveridge, James Norwell and J. W. Timney.

TO WELCOME OUR "ACE."

Plans for "Eddie Rickenbacker Day" will be made tomorrow.

Col. R. B. Ray announced yesterday that there will be a meeting of the "Eddie Rickenbacker Day" Committee at 10 a. m., tomorrow, at the Soldiers' and Sailors' Relief Bureau, in the north annex of the City Hall. The committee will discuss plans for welcoming home the Los Angeles flyer.

It is hoped that Capt. Rickenbacker will be in Los Angeles July 4, in which case the day will be made officially "Rickenbacker Day," and there will be a celebration in honor of the Los Angeles "ace" at Exposition Park. PROP BURGLARY CASE.
The burglary case in which Mrs. Frank Nelly is accused of stealing furniture from the country residence at Plum Canyon of ex-Gov. Henry T. Gage was taken off calendar in Justice Palmer's court yesterday, on motion of Deputy District Attorney Helmecke. Mrs. Nelly and her son-in-law were accused of stealing the furniture. It was understood that a settlement was reached by which the defendants are to pay the value of the articles said to have been taken.

School Janitors Also Ask for
Better Remuneration.

A resolution recommending a liberal increase in salary for school teachers during the next fiscal year was adopted by the Board of Education last night at its regular weekly meeting. The Finance Committee was instructed to prepare a new schedule of salaries for the teachers along liberal lines.

The action was taken unanimously by the board following a report of the committee of the whole. The report of the Finance Committee was ordered returned as soon as practicable and it is believed the committee will have the report ready at the next meeting of the board on May 13.

In a report to the board, the July 1.

Are you proud to show your bathroom or do you hesitate and apologize for the appearance of its old and unsanitary equipment?

Apologies won't take the place of modern bathroom equipment, and it's the need of them that most impresses your guest. And what excuse do you make to yourself for the retention of those old, unsanitary fixtures?

Surely not that they are attractive, comfortable or healthful, for they're none of these. Surely not that you haven't wanted a bathroom you'd take pride in showing.

What is it, then—what you imagine will be the cost of modern bathroom equipment? You'll be surprised to learn how much less it costs than you think to have up-to-date, sanitary Thomas Maddock fixtures in your home. Honestly, now, don't you think you owe it to your pride, your health and your guests to find out how easily you can afford to have them?

Come in, see our model bathroom display and ask us to explain to you the Maddock way.

COMMUNITY AROUSED OVER DOG POISONING.

MANY VALUABLE ANIMALS AT SIERRA MADE VICTIMS OF WHOLESALE SLAUGHTER.

SIERRA MADRE, May 5.—During the last six months more than a dozen valuable pet dogs have been poisoned in this section. Whether it is the deliberate design of some diabolical person or the obsession of a demented person has not been determined by those making an investigation of the outrages. Many theories have been advanced. One is that some powerful toxic substance has been accidentally scattered broadcast as a result of some error from all sections of the town.

The two pet collies of J. H. Wright on Montecito road were poisoned on Friday night and expired before assistance could be rendered. Two other pet dogs, a pointer and a bulldog, were found by Night Watchman Charles Kellogg on Mountain Trail boulevard, within the blocks of the Wright residence. This was the second time these dogs had been poisoned. The first time was on the night of the Wright residence. The dogs had been kept in a corral for the past three weeks and had been fed on a diet of kibble and corn. The dogs were found dead in the corral. The owner, a Boston terrier pup of Preston Schwartz, was found dead in the yard. The owner, a Boston terrier pup of Preston Schwartz, was found dead in the yard. Miss Fogarty and Mr. Jones Wed.

Surprising all their friends and

even their near relatives, Miss Kath-

lyn Fogarty and Mr. Owen Edward

Jones were married Saturday evening

at the home of her mother, Mrs. James

J. Fogarty, of 1222 Magnolia avenue.

Dr. Benjamin Goodfield, of the

Central Baptist Church officiated.

The bride is a niece of Gov. Ste-

phens and of Mrs. John Wilson, of

144 South Oxford avenue. Mr. Jones

is the son of Mrs. Katherine Jones

of Springfield, Ill., and a nephew of

R. C. Roseberry of this city, with

whom he made his home. He is a

teller in the Los Angeles Trust and

Savings Bank. He has just arrived

from the navy fourteen months.

people, by some ready re-

of the conduct of our war which

they would most like to have an-

lieve that the first would be: "Why

has there been such delay in the

delivery of mail to our soldiers?"

Why have casualty reports been

slow in reaching families concerned?

Casualty reports will soon all be

in, and that question will be re-

solved as a case of anxiety, but

long as a large body of our

troops remain on the other side of

the question of the delivery of mail

remains unsettled, it has not made

any sense to have men in the Amer-

ican Expeditionary Force.

The War Department promises a

reduction in time, limited only by

the transportation facilities. At the

same time, the War Department de-

clares that it has not made any

change in the past, either in the han-

dling of mail or of casualties. But

those who have never been able to

receive the money for their loved

ones, who have never been able to

know that it is false.

Engagement Announced.

News that is of interest to a

circle of friends here and in San

Francisco is announcement of the

engagement of Miss Mabel Sophia

Ward of Los Angeles and San Ber-

nardino to Robert J. Coleman of

San Francisco. Miss Ward is the

youngest daughter of Mrs. Gerald

Ward, who has gone to live on the

large orange grove she recently pur-

chased near San Bernardino. Mr.

Coleman is a mining engineer. The

wedding will take place next Sat-

urday in St. John's Episcopal Church.

Dr. George Davidson will officiate.

Naval Ball.

Capt. Chaucer Blackford and his

executive staff, the officers and men

of the U.S.S. Oregon and the men of

the United States Coast Guard, are

planning to give a ball to honor

the officers and men of the U.S.S.

Oregon. The ball will be given at

the Hotel Maryland, at which Mr.

George E. Wells of St. Louis, su-

perioring engineer of the Anheuser-

Busch Company, is in Los Ange-

les, a guest at the Alexandria. He

is here for the purpose of making

a study preparatory to converting

the Busch storage plant at North

Main and Alhambra streets into an

ice factory and cold storage ware-

house. The Busch engineer, accord-

ing to a statement made here, is

planning to convert or has completed

the work of converting thirty of the

storage plants in various parts of

the country into ice plants, cold

storage warehouses. According to Mr.

Krug, it will probably cost \$200,000

to make the alterations. In connection

with the Los Angeles plant, a large

ice cream factory may be erected on

adjoining property owned by the

estate.

The main plant in St. Louis will

continue to manufacture Bevo and

other soft drinks. Mr. Wells stated

while making sugar and syrup, as well

as other products, will be made at

the plant. The plant is a natural

ice plant. It is said to be the in-

tention of August Busch to turn his

attention to the packing and

convert the St. Louis plant into one

of the largest packing establish-

ments in the world.

Make it Woodman today.

"Pinky" Snyder is like the broom he runs over.

We ought to love Mayor Woodman for some of the enemies he has made.

One good term deserves another. Therefore give Mayor Woodman another term.

It would appear at this distance that the Chinese canary is inside the Japanese cat.

If the standard of education was higher in Italy that nation would be able to read the handwriting on the wall.

Oh, joy, fellows! The new buttons for the women this summer are to be waists with oval and Dutch necks.

Why is it that a homely girl is never detained for an infraction of the law. They are all "beauties" etc., etc.

The fury that heard all of the evidence said Mayor Woodman was innocent. Why not make it unanimous today?

In this Saturnalia of things generally in this world, does anyone remember "Bloody Bridler" West of Colorado?

During the past foggy, chilly morning it would seem that the weather was in charge of Postmaster General Burleson.

They're off in the Mayoralty race, but just how much some of them are off can only be established by the return tonight.

The trans-Atlantic aviation is having all sorts of trouble "making up" for that overseas trip. The string continues to be "fat."

The collapse of half-cent pieces by the Federal authorities is being urged, but the demand is not likely to be complied with. This is a longer a half-cent country.

With everything topsy-turvy, as far as the old landmarks are concerned, is it not time to revise the old-fashioned remark about voting the Constitution among friends?

June 1 is the tentative date set for the convening of the session of Congress. Session definitely must be done before the close of the fiscal year, June 30.

The last time Frederic T. Woodman was before the people of Los Angeles for Mayor he was elected. He is now a candidate for the same office.

It is finally announced that the presentation of the peace treaty to Germany will occur this week. There is a string to this proposition and it may occur in some other week.

If Secretary Burleson is present, as his friends say, we will see how that helps his case. Doesn't that make the situation worse?

How are the spring gardens looking? It used to be that the back to the cultivation of the soil. Remember Shakespeare's "There is no ancient gentleman's garden."

Meanwhile it might be well to remember that our dear old President has expressed no tolerance or lack of appreciation of the vote of the Postmaster-General Sidney Burleson.

The attempt of a dirty rascal hoodlum to beat the good Mayor Woodman at the polls, ought to be met today by the most vocal vote of disapproval of the people of Los Angeles.

Another trouble is the high cost of cobbling. It used to be that the shoe could have a pair of at a price. Now it is a pair of at a price. That is the trouble with the shoe. There are no "happy" shoes.

So far as we have been able to note, whether or not Mexico "alizes" the Monroe Doctrine does not matter much to the United States. The doctrine itself is a matter of the United States and is unassailable. It is the basis of this nation to see that it is maintained.

Oh, can't you hear the pealing of the blue-bells' glory? And can't you read the message that is shown in heavy letters?

That's written in the blue of the roses' blooming face. And breathed forth in the perfume of the lilac's snow-white snow.

It's whispered by the breeze among the green trees tall. And told by brightest sunlight. That dance and shine over all.

This message which the birds are telling. It is laughing so about: The birds their throats are bent. To send the tidings on.

LOS ANGELES

TUESDAY MORNING, MAY 6, 1919.

ARBUCKLE IS NOW MAGNATE.

Purchases Controlling Interest in Vernon Club.

Is Entering the Game for the Sake of Sport.

Will Probably Make Trip with Club Later.

Doff the skyplate to Master Patty Arbuckle, for the modern fastball is now a full-fledged baseball magnate.

By a train of circumstances yesterday over which he had full control he came into the ownership of the Vernon Baseball Club. The deal was consummated at about 4 p.m. at the office of Attorney McCormick in the Van Nuys Building.

Among those present when the transfer was made were Lou Guernsey representing Arbuckle, Al McCormick representing Tom Darmody, Ed Wehrle looking after Eddie Maier's interests and Senator Chamberlain ditting for "Pump" Halbritter.

As Patty passed into the dignity of a diamond mogul Eddie Maier shook him by the hand and chortled, "Rocco, I wish you all kinds of success." "Thank you, Eddie," replied the screen favorite, "I'm just going into it for the sport of the thing and nothing else."

Following salutations, Arbuckle was elected president of the club and "Pump" Halbritter vice-president and business manager. The corporation will not get into the field until next week.

By the transfer of stock, Arbuckle came into possession of the club. He is now in Los Angeles while the Bengals are battling the Oaks this week, but will travel a spell with the club on its next itinerary.

Tom Darmody, who has looked after the interests of the Vernons in the last few years, and was a stockholder in the organization, is pleased that the club has come under the ownership of Arbuckle. Said Darmody last night in regard to the sale of the club, "I am glad that the Vernons have been disposed of. I have had a couple of tough years in the baseball line and naturally was looking for a change. I could hardly give the attention it required and it was for this reason that I sold the club to Mr. Halbritter for him to dispose of them as best he could."

"Long may she wave," remarked Missoula Mike, the marine, pointing to a small American flag held to the mast of a Victory Loan barge.

"Why all the scenery?" I asked, piping his long coat, windproof goggles and a headgear that would make Barney Oldfield turn turquoise with envy.

"Puttin' in the night taxi" for Charlie Owen," replied Mike. "I'm standin' a gasoline bus out from his stand at the Alexandria during my furlough. You know, I ain't entirely out of the service yet. I took the 'over' bus because it won't interfere with my baseball."

"One of my first jobs was ferryin' Jim Morley in from the Vernon Country Club the other night, or I might be more correct to say, early in the other night. Jim ain't one of those 8 p.m. guys."

"Gettin' confidential, an' ain't in kind of a talkative mood, Morley remarked that he always shuddered to see the Angels lose a ball game because it means two weeks of hard work for him second out wires for new players."

"Foggy remarks the droppin' of one game as a loss' streak, an' havin' the regard for the high cost of telegraphing, issues orders to rebuild the club in spots."

"At that, I don't see where Jim has had to do a whole lot of shudderin' so far this season. That 'L' sign about as well as not be in the percentage column as far as our beloved Angels is concerned."

"Speakin' of sportin' gents, have you observed the awful color that has settled over Charley McHugh, who, in his palmy days, was best known as Little Louie Pausler?"

"Now it ain't due to promotin' that wrestling match. It's true that Charley broke down at the Fifth and Main while wonderin' whether or not the police was going to arrest him for playing with real money. That night I had to haul him home, an' he was shakin' like an' he had shock. 'Charlie didn't say much, but that wasn't noticeable, as his teeth made considerable noise chatterin'."

"So this collapse had nothin' to do with his quiet spell, which has been comin' on for a year or more. Once upon a time McHugh was the solidest guy in the world, not bein' compelled to play second parts to Billy Sunday, 'Fog Horn' Murphy nor the Sacramento ball team. Now he stands around steeped in silence."

"The change in him reminds me of a division goin' in and then comin' out. When a division is goin' in it is the sweetest combination in the world. You're up all the standard cuss words, they coin a lot of new ones. Now soldiers ain't profane in the sense that a lot of people regard swearin'. They don't mean nothin'. It's just a way they have of relievin' the tension, an' the stronger the language the greater the relief. For a soldier goin' into battle to swear ain't any worse than for a lady to say 'good darn' it at a sewin' circle. When either a lady or a gent cusses you should consider the provocation before passin' judgment."

"Remember the night that we hit hunched up in a perforated dugout near Edifontaine when the First Division was goin' in to relieve the elite Ninth? Couldn't get a wink of sleep because every man in that advance column was swearin' as loud as his officer would let him, an' every time a shell busted in their ranks keelin' over a few, the harder they swore."

"Hush these Ninth-first comin' out after eight an' nine nights of sleepin'."

LOCALS' BATTING AVERAGES.

San Crawford again carried off the batting honors of the Angels for the week ending May 4.

BY HARRY A. WILLIAMS.

San Crawford again carried off the batting honors of the Angels for the week ending May 4. The Sacramento snapper took no chances with Samuels' long hit, as they played deep at all times and showed him out a few doubles and triples. The veteran is still whaling away at a .371 clip and shows no signs of faltering. It looks very much as if Crawford is going to have the best year of his experience with the willow.

"Puttin' in the night taxi" for Charlie Owen," replied Mike. "I'm standin' a gasoline bus out from his stand at the Alexandria during my furlough. You know, I ain't entirely out of the service yet. I took the 'over' bus because it won't interfere with my baseball."

TOLEDO SITE OF BIG BATTLE.

Willard-Dempsey Fight to be Staged There.

Offer of Ohio City is Accepted by Rickard.

Scheduled for Twelve Rounds on Fourth of July.

NEW YORK, May 5.—The Jack Willard-Jack Dempsey heavyweight championship fight will be staged at Toledo, O., on the afternoon of Friday, July 4.

The pugilists will enter the ring at 3 p.m. and will box twelve rounds, unless a knockout terminates the contest earlier in the clash. If the bout goes the limit, a referee, to be selected later, will award a decision on points. The details were announced by Promoter Tex Rickard here tonight. Willard and Dempsey will be paid for their services, Rickard explained, and will not fight for a purse, which is against the laws of Ohio.

"Having consulted my attorney," he said, "I find that I am entirely within the laws of Ohio and, according to a decision of law on such cases. Therefore, I have accepted Toledo's offer to hold the boxing exhibition there."

Under the Ohio law, the Mayor of Toledo is permitted to grant consent. Under decision of the court, one is privileged to employ boxing to give exhibitions when a purse is not fought for."

An octagon-shaped arena to accommodate between 50,000 and 60,000 spectators will be erected at a point convenient to the city. Admission charges will range from \$5 to \$10, according to the location of the seats. Both pugilists will train for at least five weeks at the scene of the contest, in accordance with the terms of the contract made with Rickard.

COLUMBUS, O., May 5.—Gov. James M. Cox of Ohio, commenting on the scheduled Willard-Dempsey fight to be held July 4 at Toledo, said the law against prize fighting leaves its interpretation and enforcement up to local officials. This was taken to mean he will not interfere with the law permitting boxing exhibitions for which the Mayor, if municipalities or the Sheriff, if outside, grants permits. If the matches are staged under the auspices of a chartered athletic association and no purse is offered to the winner. It was said that in the Willard-Dempsey contest no purse is to be offered.

SHOWS PROWESS AT HANDBALL.

Once and for all time, Charley Epton, high mogul of the Athletic Club, demonstrated his handball prowess and ability to whip a budding champion, namely, Bob Brin.

Epton decisively routed Bob Brin from the handball court by trouncing him, 5 to 3.

Permitting Brin to use his trick ball, Epton smashed the pellet to all corners of the court and occasionally used the "Keppen baby kill" with telling effect. The game has been chronicled as one of the longest in the history of handball, over one hour being taken to decide the victor.

Over two hours was taken by the players deciding the various technical points of the game and in picking out a ball agreeable to both players. The game was full of thrills, as both players invariably stretched out on the floor gasping for breath after completing a point. Now that the smoke of this battle has cleared away, it is about time for Miller and Keppen to get together for another of their chawing-matches.

Frank E. Garbutt was taken down the line in two straight games by George Heiser, the score being 11 to 11, 11 to 11. Garbutt challenged Heiser for his position on the handball chart, which is at the head of class B. So, amidst the aspirations of another prospective champion!

taken to mean he will not interfere with the law permitting boxing exhibitions for which the Mayor, if municipalities or the Sheriff, if outside, grants permits. OUT-OF-TOWN
BOYS TO MEET.Alec Trambitas to Battle
Duffy at Vernon.Both Lads are Very Clever
and Fairly Fast.Young George to Meet Ross
in Return Match.

TONIGHT'S CARD.

Alec Trambitas vs. Jimmy
Duffy, 125 pounds.
Young George vs. George
Ross, catchweights.
Leo Houck vs. Young
France, 125 pounds.
Henry Gasline vs. Sammy
Johnson, 125 pounds.
Jimmy Berry vs. Sammy
Morris, 125 pounds.
Ted Levin vs. Young Con-
ley, 115 pounds.

For the first time in weeks two
out-of-town boys will meet in the
main event at Vernon tonight when
Alec Trambitas battles Jimmy Duffy.
It will be Trambitas' third start at
Vernon, he having beaten Al Mc-
Manus and Phil Salvadoro within
the last two weeks. Duffy hasn't
appeared here for nearly a year,
but he is well known to local fans.
Since he last appeared here Duffy
put in several months in the navy
and took on considerable weight,
and is now a big 135-pounder.
Trambitas will probably have an ad-
vantage of three or four pounds in
weight as he tips the scale at 140
pounds.

Both boys are clever and fairly
fast, and while neither has a knock-
out punch, both can hit pretty hard
enough to do considerable damage.
The two are likely to run even
enough to make a tough job for the
referee.

Young George and George Ross
are meeting in a return match. A
week ago Ross received a draw with
the youngster by a wonderful rally
in the fourth round. It was George's
third start and by far his toughest
bout. In his previous starts he
stopped Paul Herman and Billy Wil-
son and all but made it three in a
row when he dropped Moss with a
right to the jaw in the second round
of their battle. If the veteran and
the youngster put up as good a bat-
tle tonight as they did a week ago,
it will be worth watching.

Leo Houck of Seattle and Young
France will meet in a feature bout.
Houck has been going good in the
Northwest and recently boxed a good
bout with Joe Herrera at San Fran-
cisco. In meeting France he is tak-
ing on about the toughest of the
local 125-pounders. France may not
win all his battles, but he is hard
to beat as he covers and holds
considerably. Houck is a fairly
straight puncher and may be able to
get through France's defense.

Three good preliminaries have
been lined up. Harry Johnson and Sammy
Morris will meet Jimmy Berry.
The curtain raiser will be between
Ted Levin and Young Conley.
The first bout will start at 8:30
and Fred Winner will referee.

WHERE LOCALS

PLAY THIS WEEK.

The San Francisco baseball club
arrived here this morning and will
meet the Angels at Washington Park
this afternoon at 2:45 o'clock in the
first of a series of seven games. The
line-ups will probably be as follows:
San Francisco: ...
Los Angeles: ...

Last week the Seas beat the Angels
4 out of 7; Vernon trimmed Se-
attle 4 out of 7; San Francisco de-
feated the Maroons, 5 out of 7, and
Portland beat Oakland, 4 out of 6.
This week Vernon plays the Oakland
at San Francisco, Salt Lake hooks up
with Sacramento at Sacramento, and
Portland meets Seattle at Seattle.

HOTEL RAYMOND
GOLF COURSE TO
REMAIN OPENFamous Scotch Profession-
al in Charge.

Of great interest to the golfing pub-
lic of this section is the announce-
ment made today by Walter Ray-
mond, proprietor of the Hotel Ray-
mond, Pasadena, of his decision to
keep the famous Raymond Golf
Links open throughout the entire
summer, although the hotel has been
closed as usual until winter.

The Raymond Links are conven-
iently situated on the main motor
highway from Los Angeles to Pas-
adena, also on the Pasadena Short
Line of the Pacific Electric Rail-
way, which makes the course most
easily accessible from both Los An-
geles and Pasadena—being only
about seven miles from the former
city and two from the latter.

Mr. Raymond further announces
that the course will be in charge of
James Owens, Jr., the famous Scotch
professional, one of the best known
golfers of this country and Europe,
and the victor in many medal con-
tests. Mr. Owens makes a specialty
of teaching those who are already
proficient in the game, and has
greatly improved the playing of
many a good golfer. Persons who
are short on play in tournaments
and sports. The rates of play are
10c a day, \$2.00 a week and \$5.00
a month.

Outside and Inside.
"There are two sides to every
question."
"Yes," replied Senator Borah,
"and too many of us change who
pave as powerful thinkers don't take
the trouble to get to the inside."

TWELVE-ROUND BATTLE.

CHICAGO, May 5.—Chicago
tied up a game apparently lost to
Cincinnati by batting out six earned
runs in the ninth inning on nine
clean hits and then won out in the
twelfth, 7 to 6.

The defeat cost the Reds the lead-
ership of the National League, which
was passed by Brooklyn, who did
not play. The score: CHICAGO, 7;
CINCINNATI, 6.

MISSOULA MIKE
STILL MURMURS.

(Continued from First Page.)

an' out of it right in front of our
started gaze pape the likeness of
Charley McHugh.

"The comin' of the Lord," one of
the boys chirped. If the French pa-
trons could a understood him they
might a thought him sacrilegious.
But we always has called McHugh
"the Lord" for short. And the
comin' of the Lord himself couldn't
a surprised us much more than seen'
the shadow of McHugh walk out of
that camera onto the screen.

"It struck us mighty strange to be
sittin' away over there in Paris an'
lookin' at McHugh an' waitin' for
right there in front of us. An' it
was then that the idea struck me
as funny that the noisiest guy in the
world should get into the still
scenery."

"This thing of bringin' Los Angeles
to us was the next best thing to be-
in' back there ourselves, an' we
got the habit of goin'." One day we
found the silhouette of Fritz Ar-
buckle to cheer us up, an' lots of
others from time to time.

"The movies sure has the knack
of bringin' the rest of the world to
your doorstep, figuratively speakin'.
Also, you can play some great tricks
with 'em. You remember that
Prince Fabius, or whatever you call
him, which the British brought up
in Arabia for the Peace Confer-
ence. He hadn't never before been
out of his own country of dreams
an' legends. Well, a party of
French took him out to a movie
studio near Paris. A camera man
took every move made by the Prince
while he was walkin' without him
knowin' it. Then, an hour later, just
as he was gettin' ready to leave,
they invited him inside an' to his
unbounded surprise he sees him-
self walkin' around on that screen
right before himself.

"That was a new one on the
Prince. His eyes almost popped out
of his sockets, an' he made some
language which none of us can un-
derstand. But we had a hunch he
was sayin', 'the Arabian Nights was
never nothin' like this.'"
"With we had a movie picture
of that wind which struck you an'
me an' Harry Becker when we was
flyin' from Paris to Brussels by
way of Dunkirk an' St. Omar. That
horrible storm, us the second day,
just after crossin' the Flanders line,
about nightfall, an' it was then that
the silver went on the beam. It
was sleek in the wind that seemed to
be bittin' your face out. If we had
a movie picture of that sleek storm
the people here could understand
the kind of weather that the British
an' Belgians fought in for more'n
four years. You know that we all
figured if we couldn't get the silver
fixed an' make the next town we'd
just naturally freeze to death durin'
the night.

"But we did get her to goin', made
the next town, an' lit out for Paris
bright an' airy. That was the day
we passed through Chantilly, an'
we had the satisfaction of standin'
on the spot where John L. Sullivan
an' Charley Mitchell fought their
famous draw. I once heard an
educated fellow who graduated from
the Sorbonne, remark that France
had always been the battlefield of
the world, an' when I stood where
Sullivan an' Mitchell had fought, I
realized that France sure had seen
some great fightin', even prior to
1914. 'Puppy, half-ancient town,
that Chantilly, an' you wonder how
they ever come to pick it out for a
championship scrap."

"Met Jockey Kelly the other day.
First thing he asked me was if they
was still removin' the hangtalls at
Autuel. Then he informs me that
he was the first American jockey to
ride on that track. That was
twenty years ago. Kelly is now so
big that nothin' smaller than a truck
horse could carry him more'n three
furlongs. Told him that the last
time I was at Autuel it was all
filled up with hospital buildin's like
Longchamps, an' all the rest of them
beautiful race courses around Paris.

"That's where the American Red
Cross needed hospitals overnight,
when the Germans made their
break-through in May an' June. The
Germans bustled through where they
was least expected, an' of course our
hospitals up around Toul wasn't in
the right place. So they bring the
wounded straight to Paris, an'
thanks to the Red Cross, or Croix
Rouge, as the French call it, there
was warm buildin's, soft beds an'
everything else for 'em."

"Every race course was an in-
ferno, with other an' cholera an'
dysentery out the houses of flowers
an' blossoms. In those days people
weren't thinkin' of race, nor none
of the other joys of life."
"By way of electin', I want to re-
mark that Bill Rodgers was a ball
team which figure to make trouble
sooner or later, an' you may not
have to wait long for it, at that, pro-
vidin' they are makin' anything of the
kind."

"DEPOSED MURDERERS TRIED."
The trials of Mrs. Jean Lomberry
and F. M. (Paddy) Keen, accused of
extortion from Samuel L. Wilson, a
beef grower of Santa Ana, were con-
tinued yesterday to July 21.

Charles S. Burnell possesses the

three prime requisites of a good law-

yer—honesty, industry and learning.

While keen and aggressive in his

advice, his duplicity is entirely for-

eign to his make-up. His middle name

is "Square Deal." He has had an

unusually wide experience in im-

portant litigation, which has trained

his mind to not quickly, accurately

and with decision.

EL PASO-DUKE CONTRACT LET

Drilling is to Begin by End of
the Present Week. It is
Announced.

Can You Tell the Difference Between Gold and Brass?

In that case, if you contemplate an investment in oil, YOU WILL BUY EL PASO-DUKE.

Will you exercise the same discretion in buying oil stock that you would in buying
railroad or bank stock? IF SO, WE WILL GET YOUR ORDER.

Do you know the difference between a company that promises to drill a well, if they
can get the money, and a company that already has THE MONEY AND A DRILLING
CONTRACT DEPOSITED IN THE BANK?

Look at the great derrick of EL PASO-DUKE Well No. 1, erected within 30 days
after this company was organized.

Will it make you happy to see a picture of EL PASO-DUKE Well No. 1 gushing oil
clear over the top of the derrick about July 15, 1919? It will be glad news for some of
your neighbors and friends, who are already stockholders in this company.

Do you know that there are thousands and thousands of instances where \$100 properly
invested in oil stock has yielded MORE MONEY THAN MANY PEOPLE EVER MAKE
IN A LIFETIME?

The Fowler Farm Oil Company sold out to one of the big oil companies last month
and paid stockholders \$15,000 for each \$100 invested.

The Cripple Creek gold field created the wildest excitement all over the United States
some years ago when it was learned that they produced \$24,000,000 worth of gold in one
year. It takes the Texas oil fields only about sixty days now to produce that much money.

You will miss the greatest opportunity of a lifetime if you do not get in on the develop-
ment of the new oil fields of Comanche, Eastland and Erath Counties, for geologists tell us
that practically all the great oil fields in the world have now been uncovered.

Six of our holdings checker-board the heart of the great Duke oil field, where gush-
ers of from 4000 to 6000 barrels are coming in nearly every week.

Our Coleman County holdings in a new field are increasing in value daily, owing to
a number of good wells, which have recently come in in this field.

Every tract of land we have located by an expert geologist and is situated on the
best geological formation for oil to be found anywhere in this field.

BUY EL PASO-DUKE STOCK TODAY at \$1.00 before the development of our first
well forces this stock above par.
